

## EXPOSED FASTENER ROOF SYSTEM

### TREMENDOUS STRENGTH & DURABLE WEATHER TIGHTNESS

With its 36" panel width and exposed fastener application, GulfPBR™ is one of our most economical structural roofing options.

Bold 1-1/4" high trapezoidal shaped ribs provide tremendous strength making it the panel of choice for structural applications such as large agricultural & industrial buildings, while at the same time providing a strong, dimensional look for residential and commercial applications.
